Vice-Commander/Inspector General
October 14, 1981

A LOOK AT YOUR OFFICERS

Melinda Currie;

Your Cadet Corps Commander, is a junior here at UNCC majoring in Accounting. She has lived in Charlotte since 1972 and graduated from Independence Senior High in 1979. " I want to go into OSI (Office of Special Investigations) when I go into active duty. I am really excited about the AFROTC program on campus. I hope we can work to make this a top detachment. If you have any questions, suggestions or problems, feel free to call me or drop a note in my box in detachment headquarters."

John H. Campbell;

Jr. Vice-Commander/Inspector General, is a junior majoring in Sociology with a minor in Economics. " I plan to be a pilot and now hold a pilot slot."

Randy Hancock;

The Director of Operations and Training Staff is a senior, that will be graduating in December of 1981 with a B.A. in Psychology. He plans to go into sales and is considering a military career.

Michael Dunn;

A native of Charlotte and a graduate from West Mecklenburg High School in 1980, is your GMC First Sergeant. While in the N.C. Army National Guard, Mike went to basic training for four months at Ft. Hill, Ohio. He is a freshman majoring in Political Science and plans to become a pilot.

Vice Commander/Inspector General

The Answer You've Been Looking For!

To all AFROTC Cadets I want to thank you for the feedback that was given during our Leadership Lab on 6 October, 1981. I hope that it will continue. Listed below are the actions that have been taken concerning those things brought to my attention.

1. In response to the suggestions of using a Leadership Lab to organize the different departments. As discussed in lab, this is not the purpose of Leadership Lab. Its' purpose is to provide Cadets the opportunity to develop the skills of management, communication, cooperation and organizational behavior that is conducive to accomplishing AFROTC and Air Force goals. However, a meeting of all ROTC's is planned so that we will be better organized.
2. Other suggestions concerning organization, is something that will come with time as well as with the education and experience that the executive staff is accumulating. Also, everyone is going to work hard on sticking to the chain of command, and this will help immensely.
3. In regard to keeping the CMC better informed, this is coming along. Starting immediately, a copy of the weekly Leadership Lab notes and all announcements will be placed on the corps bulletin board.
4. Concerning athletic and social activities, this information has been passed on to the appropriate people and they are working on it.

5. There were some comments concerning military bearing and military courtesy. All Cadets are to abide with these regulations just as if they were on active duty. This includes respect for fellow Cadets and such things as haircuts and personal appearance. If you have any questions please ask any of the executive staff. Also, this is a serious organization and it is to be taken in that manner.
6. In compliance with one suggestion, all executive staff members will sit at the front of the room during dab.
7. For those who have commitments at 1500, we will do our best to dismiss class on time.
8. In conclusion, I want to thank you for your feedback and suggestions; they were a great help. Please keep them coming because, with everyone's help we will be the best detachment in the state.

John H. Campbell, Jr.
Vice Commander/Inspector General

Note from the Editor:

I would like to thank everyone who submitted an article to make this first Newsletter possible.
